

HD3, HD4, HDPR Series

INDOOR/OUTDOOR FIXED MINI-DOME MOUNTS

The HD3, HD4, and HDPR Series housing mounts can be used to install Honeywell's 3" and 4" fixed mini-dome cameras to a variety of surfaces. They provide a wide range of mounting options – to walls, ceilings, and a variety of indoor and outdoor surfaces.

The simple, solid design of these mounts is an installer's first choice for ease of installation. Both the wall and pendant mounts provide easy cable routing with no exposed wiring, and the camera and lens can be installed, adjusted, and tested without repositioning the housing.

The HD4 and HDPR Series mounts feature die cast aluminum construction and cool gray powder coating. These mounts are designed for either outdoor or indoor applications. The HD3 indoor Series mounts have polycarbonate construction in either black or cool gray powder coating. All are designed to perfectly complement the low profile, fixed mini-dome cameras, making them the obvious choice for architecturally sensitive installations.

Market Opportunities

The HD3, HD4, and HDPR Series mounts provide performance and strength you can depend on. The attractive design, impact-resistant construction, and range of mounting options make these mounts the best solution for all your indoor and outdoor applications.

Features

Description	Camera Series		
	HD4	HDPR	HD3
• Low profile, contemporary design	X	X	X
• Economically priced	X	X	X
• Cable feed through for ease of installation and camera setup	X	X	X
• Die-cast aluminum construction	X	X	
• Polycarbonate construction			X
• Cool gray powder finish	X	X	
• Black or cool gray powder finish			X
• Indoor			X
• Indoor/outdoor	X	X
